FEATURES

Height adjustable back

The contoured lumbar area can be adjusted to suit the user's back profile by adjusting the back height.

Comfortable and healthy seating

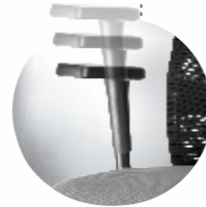

Designed with an ergonomic contour, these provide form-fitting lumbar support ensuring comfort and healthy seating.

Height adjustable arms

A personalized arm support with wide PU top arms offers firm support while performing any task. The wide PU Armrest ensures comfortable elbow rest without the need for swivel.

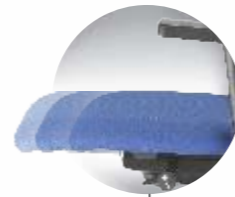

T-spine structure

This supports the contoured chair back, providing flexibility in the back height adjustment.

Active Bio Synchro Mechanism

An auto back-tilt tension adjustment. This is based on a user's body weight in which the seat 'glide' function during tilting ensures proper lower back support.

Seat depth adjustment

This allows the seat to be adjusted in a forward or backward position, enabling long-term comfort while performing multi-role tasks.
